

Accelerate your imaging transformation

Improve workflow, speed and storing
with use of cloud technology

Change Healthcare Stratus Imaging is a cloud-native enterprise imaging platform for providers who want to improve clinical and operational efficiencies via accessible, shareable, and secure imaging data.

Stratus Imaging cloud-native platform components:

Stratus Imaging Archive

A fully managed, cloud-native medical imaging archive for providers who want to simplify image management, reduce IT costs, and enable secure access from any location.

- Any imaging system
- Multiple EHR support
- System synchronization (IOCM)

Stratus Imaging Viewer

A cloud-imaging solution for providers who want to improve patient care with timely imaging access.

- Clinical team imaging viewer
- View any image and its report
- Exclusive StoryView mode

Impact

1. Change Healthcare Internal data as of Aug. 1, 2023.

Stratus Imaging Analytics

A scalable, cloud-native imaging analytics platform that automates data acquisition and synthesizes complex data from multiple sources to help providers realize meaningful insights.

- Centralizes all imaging activity
- Performance metrics details
- Interactive dashboards

Stratus Imaging Share

A cloud-based medical-image-sharing platform that lets providers view and exchange medical images with payers, patients, and EHRs to improve care quality, increase physician collaboration, and reduce costs.

- Integrated to the workflow
- Patient and third-party sharing
- Cross-institution copy

Stratus Imaging PACS

A reimaged, full-featured, cloud PACS imaging solution designed to enable increased volume, fast turnaround, and efficient collaboration.

- State-of-the-art diagnostic viewer
- Zero footprint
- Innovative image streaming

Stratus Imaging Discover

A cloud native learning and collaboration platform that lets healthcare professionals create educational content to share and collaborate with residents and peers for research, conferences, education, and multi-disciplinary team meeting.

- Collaboration without limits
- Educate with ease
- Save time and improve efficiencies
